Join us at our first  
*Village Parenting gathering.*

**The heart of a mother:** it beats with joy, it beats with protection and it beats with courage.

**The heart of a mother:** it also beats with fear - and sometimes it aches with sorrow.

**The heart of a mother:** there's nothing tougher, there's nothing more tender.

Come listen, (and share too) as *local author Shelley Brouwer* shares straight from her heart the stories that prompted her to write her newly released book *Because She Was*, a love story about raising, then losing a differently abled child. **Personalized copies of Shelley's books available for purchase.**

RSVP for her event on Eventbrite:
